

# The Token Hunter

## N.U.T.S. National Utah Token Society

*Dedicated to the collecting, recording and preserving of Utah's historical  
medals, tokens, coins and bottles*

### President's Message

Hello Everyone,  
I hope you have been enjoying the fantastic weather we've been having. I would like to extend out a very heart felt Mother's Day wish to all the mothers in the NUTS Club. Thank you for all that you do for your family.

A big thanks goes out to Mr. Lee McKenzie for his fantastic presentation on hard time tokens. It is interesting to discover the historical correlation between the past and present governmental positions.

A reminder that the NUTS Club Coin Show will be June 21<sup>st</sup> and 22<sup>nd</sup>. Please help us promote the show. Tell your friends, sale raffle tickets and please volunteer at the front ticket desk. We will have a sign up list at the meeting.

This month's guest speaker will be our very own Mike Morey talking about the mining and recreational history of Alta Utah. He will have some amazing items to show and information to share. This will be an incredible evening that will increase our understanding and appreciation for this Utah town. You will definitely want to order this years NUTS Club medal that depicts the amazing history of Alta.

I look forward to seeing you all at the meeting.

Todd

N.U.T.S.

## Salt Lake City Trolley Coaches

This drawing was done by Milt Sorensen of Meridian, Idaho in 1981 of a Utah Light and Traction Company Coach 402 probably a Versare Coach. The Salt Lake Light and Traction Co was the owner and operator of the trolley system that operated in the Salt Lake Valley. The trolley coaches began operation in Salt Lake City in September 9, 1928 and ended after World War II in 1947-48. One of the conveniences of running these coaches was that they took power from two overhead wires carry 650 Volts Direct Current, but did not need steel rails to run on. They were very quiet and smooth riding and could go right up to the curb to unload and load, there are still some of these running in the United States and other places around the world. The colors would have been yellow and white (before Salt Lake City Lines took over).
